

SIMPLIFI3D

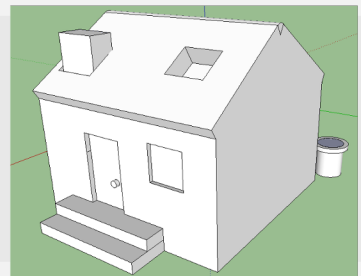

Draw My House

How would you like to create a miniature version of your current home? What about designing your ideal house?

In this course, we will look at how to model a simple house using the free modelling software Sketchup.

Students will bring home a 3D print of their design.

- ① Basic Tools in SketchUp
- ② Basic Modifiers
- ③ Preparing for 3D Printing

Course Fee: \$120

Course Duration: 2.5 hours

Our Venues:

Prototyping Lab @ NDC, 111 Middle Road, S(188969)
XPC @ Home-Fix, #05-12, 19 Tai Seng Avenue, S(534054)
Simplifi3d HQ, 20 Peck Seah Street #03-00, S(079312)
