Bras Basah Complex
Singapore 180231

Fee : \$150 for 1 on 1 session

**\$100 per person for
classes of 2 people
and above**

Course Outline

Create 3D models:

Design and make your own object using SketchUp.

*Students need to bring their own laptop for the course. Download the free software- SketchUp.

3D Modeling – Level 1 (Basic)

Students will be taught basic tools and learn to create objects using the SketchUp program, and they will learn to design their own toys and models.

They will also get to learn about 3D design concepts and how to operate a 3D printer.

Students will be given a project to create their own designs and have the model printed out for them to bring home.

**Classes will be restricted to a maximum of 5 participants*
