## Young Toy Maker: Make Your Own 3D Toy

*There will be a short introduction where students will learn how to create a simple 3D model using the 3D modelling program, Sketchup. Everyone will get hands-on experience in class and bring home a pre-printed toy.*

### Workshop Outline:

#### Create 3D Toy model:

Now you can create your own toys through 3d modeling We will guide you through the process of making minions, ugly toys, robots or your favorite characters.

\*Students need to bring their own laptop for the course. Download the free software – SketchUp.
